### **Kent County's Brecknock Park Nature Trail Under Repair**

**Dover, Del.** - Damage from Sunday's storm necessitates the closure of the Brecknock Park Nature Trail boardwalk near Weeks Drive in Camden. Railings and boards are damaged due to a tree falling into the boardwalk. The boardwalk is on the Brecknock Nature Trail between Brecknock County Park and W.B. Simpson Elementary School and is part of the greater Nature Trail but outside of the "Brecknock Loop".

Plywood barricades are in place at the opposite entrances of the boardwalk prohibiting walkers/joggers from accessing the boardwalk from either direction.

The nature trail loop within Brecknock Park, however, is in full operation.

Because lumber and brackets are being ordered to make repairs, completion may take a couple of weeks. The public will be notified once the boardwalk is restored and safely operational.
