

Go Pink on Fridays & support Breast Cancer Awareness in October

The entire month of **October** is **National Breast Cancer Awareness month** so

wear your **Go Pink!** T-shirt or any pink shirt every Friday during the month!

On **Friday, October 5**, in honor of the "**Go Pink**" campaign, Kent County Levy Court's **Go Pink!** Committee, which includes Senior Secretary Christina Morton in the Engineering Division and Permit

Technician III Amy Minner in the Inspections & Enforcement section, will be holding a **special 50/50**. The money raised through this **50/50** will be divided equally between the winner and Bayhealth Cancer Institute and Delaware Breast Cancer Coalition to help with Breast Cancer Education.

Last year, the 50/50 winner took home **\$525.50**. This year with your help, we hope that the winner will take home the same amount or even more. That means the winner could take home at least **\$525.50 or more**. For more information, please see attached flyer.

Also, two of our volunteers, will be visiting the Public Safety building that day and there will also be a staff member at the Wastewater Treatment Plant selling tickets. We want everyone to have this opportunity to participate. We appreciate everyone's continued efforts to increase awareness and help in the fight against breast cancer.

Please mark your calendars for Friday, October 19, 2018 for the Kent County Employee Health & Wellness Fair presented by the Go Pink committee and Delaware Valley Health Trust with numerous health-related vendors scheduled to be in attendance. More information will follow on the event.
